

**LASTS AND LASTS AND LASTS.™**

## ***AMS8/ADS8 Series 80% AFUE***

The Amana® brand AMS8/ADS8 80% AFUE Single-Stage, Multi-Speed Gas Furnaces feature our patented, heavy-duty Million-Air™ stainless-steel heat exchanger. The next-generation SureStart™ silicon nitride Hot Surface Ignition system increases reliability. These furnaces are run-tested for heating or combination heating/cooling applications. With a heavy-gauge, reinforced, insulated steel cabinet and durable baked enamel finish, these units can be installed in a variety of locations.

### **Standard Features**

- Patented, heavy-duty Million-Air™ stainless-steel heat exchanger and recuperative coil for maximum efficiency
- Lifetime Unit Replacement Limited Warranty on Heat Exchanger
- Designed for multi-position installation — AMS8: upflow, horizontal right or left; ADS8: dedicated downflow
- Energy-saving PSC, multi-speed, direct-drive blower motor
- Quiet, corrosion-resistant, induced-draft blower assembly
- Integrated furnace control with diagnostics
- Low-voltage terminal blocks
- Rotating combustion air blower (AMS8) that allows venting the furnace through the top, right side, or left side
- Convenient left or right connection for gas and electric service
- Specific models comply with California NOx Standards

### **Cabinet Features**

- Heavy-gauge, reinforced, fully insulated steel cabinet with durable baked-enamel finish
- Attractive, two-tone gray finish
- Foil-faced insulation lines the heat exchanger compartment
- Bottom or side air inlet (AMS8)
- Removable, solid bottom (AMS8)
