Goodman

Air Conditioning & Heating

ENERGY EFFICIENCY IS KEY TO CONTROLLING THE COST OF HEATING YOUR HOME.

PROVIDE YOUR FAMILY WITH HEATING COMFORT THEY CAN DEPEND ON

As a homeowner, you want a cost-effective way to maintain a comfortable environment for your family. Introducing the Goodman® GMS8 80% AFUE Multi-Speed Gas Furnace, which provides effective home heating at an affordable price.

YEAR-ROUND ENERGY EFFICIENCY

Energy efficiency is key to controlling the cost of heating your home. This furnace's 80% AFUE rating means 80 cents of every \$1.00 of heating energy expense warms your home. Some older central heating systems rate at 60% AFUE, meaning only 60 cents of the gas burned contributes to your home's heating. The remaining 40 cents is lost energy – wasteful and expensive. Switching to a Goodman 80% furnace cuts that loss in half.

QUIET OPERATION

Your Goodman GMS8 Furnace uses a multi-speed blower motor and sound-isolated blower assembly to reduce the noise levels common in other furnaces. Add an insulated, heavy-gauge steel cabinet, and the result is...extra-quiet comfort.

RELIABILITY AND LONG LIFE

The heart of any furnace is the heat exchanger. Our patented, TuffTube™ aluminum-steel tubular heat exchanger and stainless-steel recuperative coil have been tested to the highest industry standards. We guarantee their performance and back it with a Lifetime Heat Exchanger Limited Warranty and a 10-Year Furnace Replacement Limited Warranty.

**Goodman GMS8 furnace models meeting stringent California low-NOx emissions requirements are indicated with an "X" in the model number.*

For further safety and reliability, your furnace utilizes an energy-saving Hot Surface Ignition system, featuring a Norton Mini-Igniter and a patented Adaptive Learning Routine that helps insure safe start-ups and maximum igniter life.

Additionally, the Goodman GMS8 Furnace models are designed to minimize NOx emissions, contributing to better air quality inside and outside of your home.*

QUALITY MANUFACTURING BACKED BY WARRANTIES AND SERVICE

INDUSTRY-LEADING WARRANTIES*

We guarantee your Goodman® GMS8 80% AFUE Multi-Speed Furnace with one of the best warranties in the industry. We provide a Lifetime Limited Warranty on the heat exchanger and a 5-Year Limited Warranty on all functional parts. Even better, if the heat exchanger fails within the first 10 years of use by the original, registered homeowner, we'll provide an equivalent replacement furnace for free!

**LIFETIME

WARRANTY**
HEAT EXCHANGER

GoodCare®
EXTENDED SERVICE PLAN
Provides Years of
Worry-Free Coverage

For even greater protection and worry-free ownership, ask your Goodman dealer about GoodCare®, an affordable extended parts and labor warranty for your entire system.

GUARANTEED QUALITY

From Goodman, you can depend on well-designed, top-quality, thoroughly tested products, backed by the best standard and extended warranties in the industry. Every single furnace and air conditioner is run-tested before shipment to ensure a trouble-free installation and long product life.

NATIONWIDE SUPPORT

With more than 700 distribution locations and thousands of dealers coast-to-coast, you can be confident that a qualified service provider is always close by.

EXCEPTIONAL VALUE

As the second largest unit manufacturer of residential air conditioning and heating products, we have successfully negotiated high-volume material purchasing contracts from the highest-quality manufacturers in the world, which keeps our unit quality high and the manufactured cost low.

Simply put, Goodman offers the best product value for the investment of any air conditioning and heating manufacturer in the U.S.A.

Energy Star® Climate Zone	City in Climate Zone	80% AFUE Savings over 60% AFUE
4	Seattle	\$1,569
6	Minneapolis	\$1,324
5	Newark	\$1,242
4	St. Louis	\$1,066
3	Atlanta	\$895

1) The higher the AFUE, the greater the efficiency - and the lower the operating cost. AFUE (Annual Fuel Utilization Efficiency) is the industry measurement used by the Department of Energy.

2) These figures represent the heating cost savings of a 90,000 BTUH system at \$1.415/Therm and are based on formulas published by the DOE and EPA.

3) These figures are for comparison purposes only. Actual savings will vary according to personal use habits, square footage, location, how your unit is installed and the construction of your home.

Goodman®

Thank goodness for Goodman.™

**GOODMAN MANUFACTURING COMPANY –
A RECOGNIZED INDUSTRY LEADER**

Founded in 1982, Goodman Manufacturing Company, L.P. has grown into the second largest residential air conditioning and heating unit producer in the United States by providing the three most critical elements of customer satisfaction – quality, value and support. We invite you to compare...you'll be glad you did!

Air Conditioning & Heating
